

FREE Insurance to ACPA Student or Associate (Registrar) Members

As a student in an accredited program of clinical psychology training you will be required to complete supervised placements or may undertake work approved by the Psychology Board of Australia before obtaining your qualifications.

As a Registrar, you are required to undertake a Registrar Program of Supervised Practice following your Post-Graduate Degree in order to meet the requirements for endorsement in Clinical Psychology.

This may expose you to potential litigation from clients claiming negligence (Professional Indemnity) or personal injury (Public Liability).

Insurance House is offering **FREE** insurance to protect all Student and Associate ACPA Members from these potential financial pressures. Your cover will commence from 4pm on the day you submit your application for free insurance.

The insurance policy extends to cover you for your work performed Australia wide. As a Student your work must be supervised, within an accredited post-graduate clinical psychology program or with approval from the Psychology Board of Australia and you must hold Student Membership of ACPA. As a Registrar your work must be supervised within an approved Psychology Board of Australia Registrar Program by a Clinical Psychologist holding a Post-Graduate Degree in Clinical Psychology and you must hold Associate Membership of ACPA.

The **FREE** Students and Registrar Insurance complies with all requirements of the Australian Health Practitioner Regulation Agency (**AHPRA**) and provides:

Professional Indemnity Cover

\$2 million for any individual claim

\$6 million for total claims

Public Liability Cover

\$10 million in Public Liability Cover

\$10 million in Goods Sold and Supplied

\$30 million for total claims

No excess amount applies to any claim.

To take advantage of this free insurance offer, please log in to the Member Section of the ACPA website (www.acpa.org.au) and complete the Free Student and Registrar Insurance Application Form.

Your cover will commence from 4pm on the day of submission of your application for free insurance.

Once you have completed your Students or Registrar Program, your insurance cover ceases automatically. You will then need to apply and purchase an Insurance Policy as offered to standard members.
